

DESIGN DREAMS

Your style. Your choices. Your home.

WELCOME.

- Thank you for choosing to build with Howell Building Group. We are excited to collaborate with you and will do our best to make this journey run seamlessly. We look forward to helping make your home design dreams a reality. This document includes our options for all your home's aesthetics, but feel free to incorporate outside options as well. After all, this is **your** home.
- This document is named "Design Dreams" because it is meant for inspiration as opposed to a finalized decision-making aid. This catalog will assist you in figuring out what you want to see in your home. We will have a follow up meeting where you can interact with some of these products in person and view the financials before you commit to your final decisions. When going through this list do not hesitate to e-mail, call or text us with any questions you may have about this process.

DISCLAIMER:

All drawings, plans, photography, and option selections are conceptual and meant for client convenience. Included products and materials are for marketing and visualization purposes only and are subject to change.

THE DESIGN PROCESS

How it works:

All the design options operate on a level system. Level 1 options come included in your base package, but you can also upgrade to higher level options at additional cost.

Here are the choices you'll be making for your home:

Interior

- Countertops
- Lighting Fixtures
- Tile
- Plumbing Fixtures
- Cabinetry Style and Color
- Paint Colors
- Appliances
- Fireplace
- Flooring
- Trim

Exterior

- Brick
- Stone
- Siding
- Shutters
- Front Door

TILE

You will be choosing tile for your kitchen backsplash, laundry room, fireplace, master bathroom and secondary bathroom(s). You will need floor tile and wall(master) tile for your baths. Different tile arrangements and patterns are available for most options. Most tiles can be used as a kitchen backsplash, but not all.
